**Imagine never having to engage a STRUCTURAL ENGINEER again to design or certify a standard hoarding installation.** By owning TITAN you always have access to the latest (STD) engineer certification at no extra cost.

### TITAN DOCUMENTATION AVAILABLE WITH HIRE & PURCHASE

- Structural Engineer's compliance documents for internal and external use.
- Manuals and YouTube clips for different installation configurations.
- A ready reckoner is affixed to every TITAN upright. It provides an on site quick reference guide for an installer detailing the required ratio of counterweights to height, screw sizes, spacing and other helpful specifications.
- Co-branding of TITAN marketing material including brochures, installation warning stickers, compliance certificates, safety quality and compliance checklists and website information (additional charges may apply).
- Ongoing phone and email support.

### 10 YEAR REPLACEMENT WARRANTY (T&C's APPLY\*)

TITAN components harness the most advanced materials, manufacturing methods and modular structural engineering techniques. TITAN offers a full replacement warranty for any structural component that breaks as a result of a manufacturing defect.

**100% replacement component delivered directly you at no cost.** \*Full terms and conditions available on request.

### QUICK REFERENCE TERMS AND CONDITIONS

- This Hire and Buyer's pricing guide is for TITAN structural support components only.
- Consumable materials such as timber stud, brackets, panels, doors and hardware etc. are not included. Consumables are available for purchase; POA.
- 28 days minimum hire period. No credit will be issued if components are returned within the initial 28 day hire period.
- For ongoing hires, charges are processed in advance with credits processed back to a maximum of 14 days. Days of hire start and end from a TITAN depot.
- Hire costs are per transaction and subject to minimum durations and quantities as specified.
- Orders amended or cancelled within 24 hours of scheduled collection or dispatch date may attract additional charges.
- Rates exclude transport, loading, unloading and site logistics.
- Purchase and hire costs and quantities are per transaction and not cumulative.
- Full Terms and Conditions for both Hire and Purchase are available on request or at [www.1300titan.com.au](http://www.1300titan.com.au).
